#### NORWAY AND VICINITY.

George W. Locke.  
George W. Locke passed away Sunday  
forenoon of double pneumonia, at the  
age of 71 years. He was ill a week.

Mr. Locke was born in Buxton, Nov.  
8, 1835; when at the age of six months  
his family moved to Locke's Mills. He  
married Irene G. Plummer of Waterville,  
June 2, 1861. They moved to West Paris,  
where he and his brother conducted a  
general store under the name of G. W. &  
S. B. Locke. Later he moved to Frye-  
burg and conducted a store with his  
brother under the name of J. & G. W.  
Locke.

He moved to Norway in 1872 and has  
lived here ever since except a short time  
in Auburn and Lewiston. He was in  
business here in the store that stood  
near the high school building. Later he  
and his son were in the business in the  
store at the lower end of the town. He  
remained in the grocery business as long  
as his health would permit.

Mr. Locke was the son of Samuel B.  
and Lucetta E. Locke. He was educated  
in the common schools and at Gould's  
Academy, Bethel. Besides his wife he  
leaves two children, Mrs. Norris S. Tib-  
betts of Auburn, and George P. Locke,  
a travelling salesman, of Norway.

He was a Mason and Old Farmer and a  
Pilgrim Father. In political affiliation  
he was a firm republican. In religion  
he was a Congregationalist.

Mr. Locke has been janitor of the Con-  
gregational church a number of years and  
janitor of the Norway High School about  
sixteen years. The schools closed and  
the pupils attended his funeral, Wednes-  
day afternoon, Mar. 2, at 1:30 o'clock.  
The attending clergyman was Rev. M. C.  
Ward. There were many beautiful  
floral offerings.

"The Country Minister."  
"The Country Minister" was very  
pleasingly presented at the Open House  
Friday evening by members of the high  
school, under the direction of W. H.  
Whedon, for the benefit of the senior  
class. Each one did his and her part  
finely and it was said by many when  
asked who did best, that each one in his  
part was very popular and always draws  
a good audience, and this was no excep-  
tion for there was a very good house.

Methodist Church Items.  
The date for Rev. A. T. McWhorter's  
lecture is solidly fixed for Thursday  
evening, March 10th, at 8 o'clock. Sub-  
ject, "From the Pine Tree State to the  
Land of the Shamrock."

Subject for Sunday morning and even-  
ing will be the layman's moth, "The  
Evangelization of the World in this  
Generation."

Harold Seavey goes to Portland, Sat-  
urday.  
The members of the Clerks' Associa-  
tion presented Mr. and Mrs. Fred Cum-  
mings with an elegant cut glass punch  
bowl, by way of expressing their appre-  
ciation of their part in decorating the  
hall for their recent ball, which same  
decorations were conceded to be very  
fine.

The last meeting of the Teachers' club  
was held Thursday evening Feb. 24, at  
the home of Mr. and Mrs. Dexter An-  
drews. The subject was the subject of  
the evening. Following is the program:  
Biography of Mendelssohn—Sarah Washburn  
Piano solos, Songs without words, Scherzo,  
Mendelssohn—Mrs. Arthur Knox  
Reading—Mrs. Mary Chaffin  
The next meeting will be Thursday,  
March 10, at the home of Mrs. Lizzie  
Andrews.

Mrs. C. W. Horne feels unable to con-  
tinue the restaurant during the summer  
and is to dispose of the business.  
Horne's cafe has been open to the pub-  
lic for the past two years and has been  
well patronized. This is the only res-  
taurant in town and is a good opportunity  
for someone to continue the business.

Last Sabbath the superintendent of  
the M. E. Sunday school planned an ob-  
servance of the birthday of the pastor,  
Rev. B. C. Ward, which proved to be  
a complete surprise to all. After  
the close of the lesson, while Ethel  
Wentworth presided at the organ, the  
teachers and scholars of the primary de-  
partment marched in and around, each  
presenting him with a postcard in pass-  
ing, after which each class as called on  
by the superintendent responded by a  
passage of scripture or an appropriate  
quotation. The superintendent then in  
behalf of the school presented him with  
62 postcards. We hope to have the priv-  
ilege of observing many more birthdays  
before he is called to other fields of  
labor.

The Congregationalist and Christian  
World publishes the following tribute to—  
Rev. Bates R. Rideout, for 23 years pas-  
tor of the Congregational church in Nor-  
way, Me., died Feb. 25, aged 83 years.  
This was his only pastorate. He was a  
diligent student, an independent thinker,  
conscientious in his opinions, loyal to  
Christ, an earnest and intense preacher,  
an affectionate pastor, a superior admin-  
istrator, a public spirited citizen and a  
man commanding the respect of the  
community, yea, an ideal pastor for a  
village church. His influence increased  
with each year, and his last years  
were quite the most fruitful in his min-  
istry, a splendid illustration of the in-  
creasing power of an earnest and un-  
selfish pastorate. His death is a loss,  
not only to the church which he served,  
but to the community and the denomina-  
tion throughout the state. He was  
one of the fathers of the Maine Missions  
ary Society; had been moderator of the  
state conference and delegate to two  
national convocations. But few men have  
more useful lives. SMITH BAKER.

(OXFORD COUNTY, ME.)  
NUMBER 9. MARCH 4, 1910, NORWAY, MAINE. VOLUME XL.

GEORGE W. HOLMES  
First Selectman of Norway the past year.

Mrs. Job Stirk.  
At two o'clock Monday morning,  
Feb. 21st, occurred the death of Mrs.  
Martha Stirk, the widow of the late Job  
Stirk.

She was operated on recently at the  
C. M. G. hospital of Lewiston, where her  
case was diagnosed as cancer, this disease  
being the direct cause of her death.  
Mrs. Stirk was born in Stonham, Que-  
bec, but has lived in Norway many  
years. She was a member of the Con-  
gregational church, from which place  
her funeral was held on Thursday after-

Lay and Mrs. Frances Hoyt of Athol,

Mrs. Stirk was a woman of sterling  
worth, and one who made many friends.

testified to the deep esteem and love in  
which she was held. They were:

Next Sunday Rev. William G. Mann of

Mr. and Mrs. Leon Yeaton Leave for Con-  
way, N. H.  
Mr. and Mrs. Leon Yeaton closed their  
labors at Central Park last Saturday  
night and moved to Conway, N. H.  
Thursday morning, where they will op-  
erate a new theatre recently built for  
their line of work.

This house is thoroughly up-to-date  
in every particular, having a seating  
capacity of 450, a large stage, with com-  
plete scenery, a private electric lighting  
plant and a booth containing one of the  
best picture machines on the market.

Mr. Yeaton will open with moving  
pictures and illustrated songs next Mon-  
day evening under favorable conditions.  
Dancing and roller skating will be intro-  
duced a little later as the rink surface  
measures 40x60 feet, thus an ideal place  
for this kind of sport. Mrs. Blanch  
Yeaton will have charge of the vocal and  
instrumental program which is an im-  
portant factor in entertainments of this  
kind. Judging from the high class  
work at the Park, we feel confident that  
this feature will prove highly successful.

The people of Norway regret the loss  
of both Mr. Yeaton and his wife. They  
have been with us nearly a year and  
have made a host of friends during that  
time. Not only have they won the es-  
teem of all through their courtesy to the  
Park patrons, but in every other depart-  
ment of village life wherever they have  
associated.

The Conway amusement loving public  
will find in Mr. Yeaton a real hustler  
and a true showman. His 15 years as  
manager of road shows, advance agent  
for organizations as Lucier's Min-  
strel, Al. F. Wheeler's Circus and his  
strong companies should give the people  
confidence in the man and due respect.  
Mrs. Blanch Yeaton, as a musician, is  
fully qualified to fill the important office  
as musical director. Her talent for the  
harp, mandolin and violin is unques-  
tioned. She is also a composer, having  
already placed before the public one  
great success, "When Our Fleet Comes  
Sailing Home," a song having been  
heard in nearly every picture house in  
the country.

We all wish them a prosperous year in  
their new home.

#### SOUTH PARIS.

Valley Farm.  
The popular 4-act drama, "Valley  
Farm," was presented at New Hall,  
Thursday and Friday evenings, by some  
of the young people of the Methodist  
Sunday school in a very creditable man-  
ner, each carrying out his part excellen-  
tly, and although the actors were mostly  
amateur they showed much ability.

The play is a story of a young country  
girl who marries a rich city fellow and  
comes to his home to live. Her husband's  
mother resides with them, and she being  
a very haughty woman, ignores her son's  
wife, and through her cunning succeeds  
in driving her to her home in the coun-  
try. Her husband soon comes for her  
and plans a happy future in their own  
home.

The play is well balanced and passes  
from the light and gay to the serious,  
and is such that holds the closest atten-  
tion of the audience.

The hall was well filled at each per-  
formance and about \$70 was realized,  
which will go toward the building of the  
new church.

## Don't Experiment.

You Will Make No Mistake if You Follow This Norway Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment.

These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Norway.

Follow the advice of a Norway citizen and be cured yourself.

Mrs. Solon Moore, Tucker St., Norway, Me., says: "About five years ago I was troubled with kidney complaint, accompanied by attacks of rheumatism. My whole body seemed to be affected and during these spells the secretions from my kidneys were very unnatural. I used many remedies, but I received no benefit. At last I procured Doan's Kidney Pills from Stone's drug store and they proved to be an excellent remedy. I am pleased to give this preparation my highest endorsement."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York sole agents for the United States.

S. Harold Pike and J. A. S. Edith Millet. A splendid dinner in the banquet hall was served at noon to about 100 guests.

An excellent program of rhetorical and musical exercises occupied the afternoon under the direction of Worthy Lecturer McIntire:

An interesting discussion followed the literary program. Question: Resolved That it would be better for the farmers in this section to make a specialty of Dairy ing rather than fruit growing. Bros. W. K. Hamilton, L. E. McIntire, Chas. S. Hamlin, Hilton and Haynes debated the subject in the light of their varied experience. Bro. Kimball and Kwin to the discussion in instructive remarks. Bro. Sawin spoke of enhancing value of native wild seedling apple trees by grafting to standard kinds of fruit, a practice among thoughtful fruit farmers for many years.

Voted to hold the next meeting on Saturday evening Feb. 26.

## Jersey Cattle.

The Cumberland and Oxford Jersey Cattle Breeding Association had its mid-winter meeting Feb. 16 at Grange hall. H. W. Evans, president, of North Bridgton was present, and Chas. Hamlin, secretary, who read record of last meeting. R. W. Redman of State Dairy Office, Augusta, was present and participated in the meeting.

President Evans gave an interesting lecture on the Golden Ladd family of Jersey, and gave a critical description of the pure qualities of constitution, symmetrical form and other important features inherent in this race of cattle, and showed how prepotency to perpetuate all the most valuable traits proved the high standard of this breed for dairy purposes.

In the afternoon R. W. Redman gave an interesting lecture on the origin of the modern Jersey cow, by most careful breeding in their native island, and the great amount of care and vigilance exercised by the inhabitants to keep out any intruding animals of other strains of blood. He also told of the similarity and relationship of the cattle on the island of Guernsey to those of Jersey.

Ardelle Pike is recovering from a recent illness of rheumatic fever.

There is more catarrh in this section of the country than all other disease put together, and until the last few years was supposed to be incurable. For a great many years, doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only cure that will reach the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## How often do you eat this food?

A short time ago there appeared in the columns of one of the prominent magazines an article on building brain and muscle by the proper selection of the foods you eat.

A good many people were surprised to find oatmeal placed at the top of the list of foods recommended; but if the article had appeared in an English or Scotch paper every reader would have expected to see first place given to good oatmeal.

As a matter of fact Great Britain and Europe come to us for tremendous quantities of Quaker Oats because it represents to them perfect food, being the richest in flavor and best in cleanliness and purity, of all oatmeals.

Convenience and economy are served by the way it is packed—regular size 10c packages and large size family packages, 25c.

## WEST PARIS.

Grange Hall Dedicated.

The new hall erected by the West Paris Grange was dedicated, Wednesday, Feb. 10, in an all-day meeting.

The dedicatory exercises began at 11 o'clock in the forenoon with a march to music furnished by the organist, Mrs. Mary E. Stetson and led by the lady officers, Mrs. Mildred Davis, Mrs. E. W. Penley and Mrs. E. L. Porter, followed by the State master, C. S. Stetson, O. G. Chandler, the present grange master, and Jesse Howe, overseer, and after them the rest of the grange officers, who took their respective chairs on the second march around the hall.

The keys were formally presented by A. J. Abbott, chairman of the building committee, to the master, O. G. Chandler, who then presented them to the State master.

The altar bearers, Mr. and Mrs. Geo. West and Mr. and Mrs. I. H. Ellingwood, brought in the altar, led by the lady assistant steward, Mrs. M. S. Bubier, and followed by the assistant steward, Charles S. Dudley. After the prayer by the chaplain, Mrs. A. A. Beck, music was rendered by the choir consisting of Mrs. Will Stearns and Mrs. Mary E. Stetson, soprano, Mrs. Eldren Stearns alto, Clayton Churchill tenor, A. E. Marshall bass with Mrs. Charles Marshall, organist. The hall was then formally dedicated by State Master Stetson. After the music the State master returned keys to the master of the grange, who in turn presented them to the steward, Ezekiel L. Porter.

A fine dinner of baked beans, salads and pastry was served at noon by the ladies of the grange under the management of the lady officers.

The afternoon exercises opened with an attendance of about 200 people. R. D. Leavitt, a State deputy of Auburn, gave an interesting address. He expressed his pleasure at being present and complimented the members on their excellent new hall. He then spoke of the grange as a whole, as to its membership and in its influence for good to the people at large, not only in agricultural interests but in the line of education and sociability as well. Business methods are much different than those used by him. Modes of living are more expensive. Farming is different. He advised that the farmer would do better to raise a larger variety of products as were needed for his own consumption and then there would be less need of western imports.

A vocal duet, "Larboard Watch," by Frank S. Pike of South Paris Grange and Clayton was very sweetly rendered. Mr. Pike responded with a solo, "Sing Again that Sweet Refrain," an encore. The State master then gave a reading, prefacing it with a kindly greeting to the organization and the grange daughters. Music by the choir and then a happy welcome was given to A. E. Morse of South Paris, who gave two funny readings, "The Grange" and then C. S. Stetson, State son, State Master, was introduced, who spoke with enthusiasm about their new home and the grange work at large. Mr. Pike gave another vocal solo. Several visitors were called upon to make remarks.

A. E. Morse gave another reading and the choir another selection, when the master requested the visiting public to retire as they had to close their meeting in form.

The dedicatory hall was held Friday night following the Stearns' Orchestra of Norway rendered very pleasing music. There were about 60 couples in the grand march. An oyster, baked bean and pastry supper was furnished by the ladies of the grange.

The new grange hall, the dedication of which we have just given, is a very handsome and imposing building. It is situated on the right side of Church street, the second block from Main street. It is, easily observed from all parts of our picturesque little village. The new hall is 37 feet on the front, 50 feet deep and two stories high, built of cement blocks, the first grange hall of the kind in the State.

The foundation is of concrete with a basement under the floor and for a furnace and wood room 14x35 ft. and 8 ft. high which is furnished with one of the largest make hot air furnace.

A recess was made for the doors opening into the first floor and doors big that open both ways. These open into the main hall. The men's coat room is on the left while beyond is the dining-room, 35x50 feet with a kitchen and toilets in the rear. The diningroom and kitchen have not yet been completed. A wide, roomy, easy-rising stair-case leads up to the second floor from the right of the main entrance hall.

On the second floor is the lobby, ladies' room and main hall which is 35 by 48 ft. and 14 ft. high with a gallery over the hallway, lobby and ladies room. This has not yet been completed. A large stage reaches across the entire end of the hall with an approach at either end and a frontage of 17 1/2 ft. and 10 ft. high. The scenery and curtains for the stage have not yet been furnished. A very pretty ventilation in the center of the ceiling and transom windows make it very sanitary.

The floors are all hard wood, birch and maple being used. The finish is of hard pine. The outside of the building is prettily arranged with rock faced concrete facing, white cement, also around the entrance with the same, and belt line of smooth faced blocks faced with white cement mark the line between the two stories while the rest of the building is made of rock faced and plain faced granite blocks. Gerald Cole and Raymond Swan, aged respectively 10 and 12, are busily engaged hauling slabs from Willis' mill to West Paris. Pretty enterprising for two young lads and the same spirit emulated by some older people would be of benefit to themselves and the community.

A valuable horse of F. J. Cole's, either through fear or in a spirit of pure devilry, undertook to demolish a good part of the barn a few nights ago. He succeeded so well that the stable door was poked up in the middle of the barn yard and all the boards within reach of his hoofs were knocked off. During the performance the animal kicked against a large spike nail, inflicting injuries that according to a veterinarian, might possibly result in tetanus. It would seem that our domestic animals can be and are afflicted with most diseases to which the human family are subject.

(Continued from page 3)  
Grange Hall Dedicated.

The building-committee were A. J. Abbott, E. W. Penley, Roscoe Tuell, G. W. Berry and C. S. Dudley. Mr. Abbott, who was chairman of the committee, has had charge of the work.

Work began on this beautiful and substantial building about the first of May 1909.

The old grange building as it was more recently known was torn down in April before. This old building has quite a history of its own, a few reminiscences of which may be of interest in connection with this article. As first built it was 36 ft. square and used as a stable connected with the house now owned and occupied by David Emmons on the corner of Main and Church streets.

These buildings were built about 1841 by John W. Willis. It was one of the first houses ever built here and was erected not long after the Main street was laid out from High street to Trap Corner.

About 1848 Mr. Willis sold the premises to Eben Drake, a stock-raiser from Trap Corner. Mr. Drake sold to George Berry of Hartford, a relative of the Berry family now residents here, who kept boarders at the time the Atlantic & St. Lawrence (now G. T. R. Ry.) was built through here in 1850. Mr. Berry sold to his son, Elijah S. Berry, who was telegraph operator and station agent here.

Later he built for himself a new house now owned and occupied by W. S. Jackson. In 1855 Mr. Berry sold the old house and barn to H. G. Brown, esq., who with his family occupied it about 10 years.

The large shade trees now standing in front of the building were set out by Mr. Brown in 1857. He made some additions connecting the house and barn.

In 1868, Mr. Brown sold out to Edwin Trull, who put an addition of 20 ft. on the west end of the barn next the road and converted the entire upper floor into a carriage shop. His ill health and subsequent death prevented his occupying it very long and about 1868 all the buildings were purchased by Edwin E. Jenkins of North Paris, who lived there until his death in 1888.

He built him a new house on the other side of the old hall now owned and occupied by A. C. Perham and rented the old house. While Mr. Jenkins lived in the grange building (as it later became) it was put to various uses. The upper floor was occupied by him much of the time at his trade of carriage maker and painter. The larger part of the upper floor was for several years used as a dance hall and was the first building in West Paris ever used as a hall until the I. O. O. F. built their hall in 1876.

Mr. Jenkins also kept a grocery and hardware store on the lower floor which has also been rented to families and in various ways until the Grange used it for their dining-room.

The West Paris Grange was organized in March, 1888, with about 40 members. The first meetings were held in Centennial Hall. Later they were held in a small building 1/2 mile outside the village towards Trap Corner and kept a store on the first floor. This building was sold and bought the old building above described which stood on the present site of the new structure.

The order has constantly been gaining in prosperity and membership until now there are 143 members in a fine home of their own of which they may well be proud. The first master to be elected was Harrison Childs now deceased. Among the charter members present at the dedication were: Mr. and Mrs. J. H. Dunham, Mr. and Mrs. W. W. Dunham, Mr. and Mrs. A. J. Abbott and Mr. and Mrs. G. W. Berry. There were also quite a number of visitors present from the neighboring granges.

Harold Gerrish and family are receiving a visit from his mother from Lisbon Falls.

A. D. Coburn received a visit from his sister and husband, Mr. and Mrs. L. F. Sawyer of Lancaster, N. H., last week Friday and Saturday.

About 200 Grangers attended Pomona here on Tuesday. Many more would have come if the weather and traveling had not been so soft.

Edgar L. Wood, who accompanied his wife to the hospital at Lewiston, Monday, was himself taken sick on arrival there and entered the hospital, Tuesday.

Mrs. Wood was successfully operated upon on Tuesday and Mr. Wood on Wednesday, both for appendicitis. Mr. Wood has been having these attacks for a year past and has expected to have to submit to an operation sooner or later, but was not looking for it just now. Mr. Wood has lived here and been in the employ of the Paris Mfg. Co.

Mr. and Mrs. A. J. Abbott and Mr. and Mrs. G. W. Berry were at the home of Mr. Wood's sister, Mrs. L. M. Irish, Tuesday, to be played here March 11th for the benefit of the Fire Company, which will now have to be "out out." Senate, Feb. 4th, defending the farmers against the present lecturer of Bethel grange, Mr. Hutchins, is bringing out some live, practical thought on Agricultural topics, and with a well arranged program at each meeting, is creating a new interest in the grange.

With heavy fog and a little rain Saturday and Sunday, reaching over into Monday, our heavy body of snow fast settled down and disappeared till we have left, slippery walks and just a fair supply of snow for business.

The evening service at the Universalist church was omitted last Sunday, that all might attend the special meeting at the Congregational church, to hear the report of the young men delegates who attended the boys' Convention at Augusta.

The whist party, last Friday evening, called a very good number and a very pleasant evening was enjoyed. Refreshments were served about 10 o'clock, and the party soon broke up. There were twelve tables full and all seemed to enjoy the game and the social time.

charges made that the present high cost of living was due to them, showing that counting labor and the cost of the farm, the farmers and their wives are among the poorest paid of the working forces of today, so far as dollars and cents are concerned. It was an able address, and the farmers may well feel proud to have so able a champion in Congress.

One hundred and sixty-four Odd Fellows from South Paris, Norway, West Paris and Bryant's Pond, came to Bethel, Saturday evening on a special train, to attend the lodge meeting here.

The South Paris degree team had charge of the floor work, which was exemplified in a most excellent manner. About 11 o'clock, supper was served and at about midnight the visiting brothers started on the home trip, well pleased with the hospitality and reception tendered them by the fraternity at Bethel.

## Popular Plan For a Cottage.

Design 859, by Glenn L. Saxton, Architect.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

This plan for a story and a half cottage has proved popular. The exterior has a very homelike appearance, and the interior is as cozy as it could be made. There is a large living room across the entire front of the house. At one end is an open fireplace faced with large dull green tile, having a heavy molded shelf with large brackets. Above are two side lights. The dining room is a little beauty. It has a beamed ceiling, built in sideboard and paneled wainscoting with burlap panels. There is no undesirable pantry, but the kitchen is well fitted up with cupboards, molding table and flour bins. Kitchen finished in ivory white enamel, and the cupboard doors are of birch stained brown. Size 26 by 28 over the main part. The trim in first story is birch stained a soft brown. In the second story the casings are of pine enamel pure white, and the doors are of birch stained to represent mahogany. Cost to build, exclusive of heating and plumbing, \$3,500.

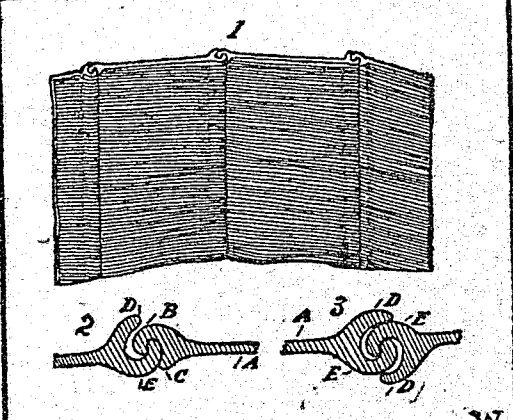

By special arrangement with me the editor of this paper will furnish one complete set of plans and specifications of design No. 859 for \$25.  
GLENN L. SAXTON.

## ROLLED STEEL PILING.

A New Form of Construction With Strong Flexible Joints.

One of the defects of sheet steel piling as heretofore constructed is that the interlocking edges which connect one pile with another are apt to spread open when the piles are under strain. Pictured herewith is a new form of sheet piling with strong flexible joints, so constructed as to oppose spreading strains at the various positions which the piles may assume with relation to each other.

Fig. 1 shows a set of piles driven in a curved row. Details of the interlocking parts are given below in the sectional views, which show two different forms of piles. Each pile consists of a web, A, furnished with a pair of flanges formed to interlock with the flanges of the next adjacent pile. In the construction shown in Fig. 2 the right and left hand ends of the pile differ in design. The right

JOINTED SHEET PILING.

hand end has a wide, tapering flange, B, that is bent to the form of a hook, and a short, slightly curved flange, C. The left end of the pile is somewhat similar in form, the flange B being curved to approximately the same form as flange B, but the flange D is considerably longer than the flange C.

Fig. 3 shows a preferred construction. The interlocking parts are of the same design, except that they are made in right and left hand forms. The interlocking parts are of the same design, except that they are made in right and left hand forms. With either design the interlocking flanges will be rigidly retained under pulling strains at whatever position the parts may assume. The piles are of simple construction and may be readily rolled in rolls of proper design. The inventor of this piling is William Neilson of 1379 Montezuma street, Pittsburgh.

Rev. Flavius V. Norcross.

The death of Rev. Flavius V. Norcross, which occurred at Newcastle, Jan. 30, in the eighty-first year of his age, removes one who was well known in the churches of Maine. He was born in Dixfield, in 1829. He graduated from Bowdoin college in 1855 and from Bangor Theological Seminary in 1858. He was ordained at Union, in 1860, continuing there as pastor thirty years. From thence he went to Andover, where he served six years. Afterwards he was employed as a missionary of the Bible Society of Maine.

He established his home in Newcastle about fourteen years ago, where he continued to reside until his death, preaching as his health and opportunity would permit. During the years of retirement he remained helpful to the churches of Lincoln County, and particularly so to the church in Newcastle.

For twenty or more years of his life he was town superintendent of schools at Union, and closely identified with local educational interests.

Mr. Norcross was twice married. The death of his second wife with whom he had lived thirty-one years, occurred less than three months before his own. His tender sympathy and Christian spirit won for him a wide circle of friends who mourn their loss.

## OXFORD.

Found Dead.

John W. McDermont was found dead in the road on Friday about 10 a. m. Mr. McDermont's body was found on the Mount Hanger road about one-half mile from the residence of George C. Wilder. The body was frozen stiff and had no doubt been there several hours.

A small bottle partly filled with whiskey was found in a pocket, also an envelope bearing the address, James Reynolds, box 23, Lewiston. It was at first thought that Reynolds might be the man's name but upon investigating the Lewiston end it was found that it was the name of a man who was in jail with him in Lewiston. McDermont was released from jail Thursday morning and started for Oxford or Bridgton. He was seen in Mechanic Falls at about six o'clock Thursday night. He evidently got the wrong road after leaving Mechanic Falls and perished from exposure.

He was positively identified by Charles McDermont of Oxford, a bad left ankle making the identification complete. It was found that he had relatives in Blackstone, Mass. They were notified of his death but no word was received up to Tuesday morning and the selectmen decided to bury the body in the cemetery in rear of town house. No inquest was deemed necessary.

All aboard for town meeting Monday, March 7th.

The Whittier branch of the School Improvement League held the mid-winter entertainment and box supper at the Webber schoolhouse on Thursday evening, Feb. 24th. It was a bitter cold night, yet the schoolroom was comfortably filled and the entertainment was more than good from the fact that it was done entirely by the pupils. The recitations by the boys showed careful preparation, and the teacher, Miss Walker, surely deserved the full amount of success she obtained from her undertaking. Miss Walker has taught in this school since the beginning of the school year and has worked hard for the interest of the school. She is conscientious, painstaking and a most faithful teacher. At close of the entertainment Dr. Holden sold the boxes at auction and everyone present enjoyed a good feed and a jolly good time. Such gatherings are most commendable as they serve to bring the home and the school nearer together. And that is one object of the School Improvement League, as each school can do better work if the parents are interested as well as the teachers and children. A comfortable sum was placed on the right side of the ledger for the benefit of the league.

The Longfellow branch of the School Improvement League held an entertainment and box supper at the schoolhouse on Pigeon Hill, Saturday night, Feb. 26. The schoolroom was filled with the parents and friends of the school, and each one present apparently enjoyed the good time. The room was tastefully decorated with red, white and blue streamers, and the rear of the stage was backed with evergreen foliage and draped with the American flag. At close of entertainment the boxes were sold at auction and the lucky purchasers shared their boxes with the ladies who furnished them. A small fee was charged at the door and a tidy sum was realized for the use of the league.

# CONVINCING PROOF

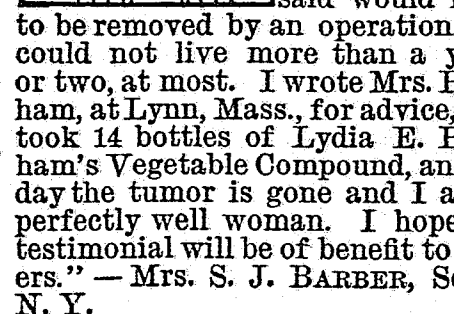

OF THE VIRTUE OF

## Lydia E. Pinkham's Vegetable Compound

What is the use of procrastinating in the face of such evidence as the following letters represent? If you are a sick woman or know one who is, what sensible reason have you for not giving Lydia E. Pinkham's Vegetable Compound a trial? For 30 years we have been publishing such testimonial letters as these—thousands of them—they are genuine and honest, too, every one of them.

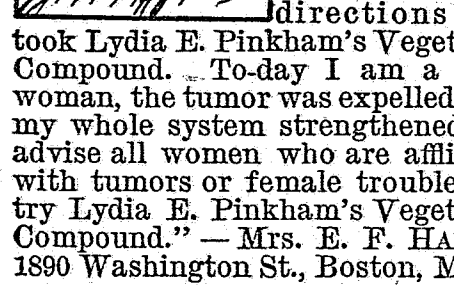

Mrs. S. J. Barber says:

"I think Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women—and I feel it my duty to let others know the good it has done for me. Three years ago I had a tumor which the doctor said could not be removed by an operation. I could not live more than a year, or two, at most. I wrote Mrs. Pinkham, at Lynn, Mass., for advice, and took 14 bottles of Lydia E. Pinkham's Vegetable Compound, and now my tumor is gone and I am a perfectly well woman. I hope my testimonial will be of benefit to others."—Mrs. S. J. BARBER, Scott, N. Y.

Mrs. E. F. Hayes says:

"I was under the doctor's treatment for a fibroid tumor. I suffered with pain, soreness, bloating, and could not walk or stand on my feet any length of time. I wrote to Mrs. Pinkham for advice, followed her directions and took Lydia E. Pinkham's Vegetable Compound. Today I am a well woman, the tumor was expelled and my whole system strengthened. I advise all women who are afflicted with tumors or female troubles to try Lydia E. Pinkham's Vegetable Compound."—Mrs. E. F. HAYES, 1800 Washington St., Boston, Mass.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Pinkham's Vegetable Compound has been a God-send to me. I have been a sufferer for many years, and I am glad to say that I have been cured by Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound."—Mrs. GEORGE MAY, 86 4th Ave., Paterson, N. J.

It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, etc.
